RE: 2009 Work Plan

MTC Resolution 3516 specifies that each MTC citizen advisory committee develop an annual work plan in an effort to connect each committee's expertise to specific MTC tasks and responsibilities. Attached is a copy of your 2007/08 Work Plan, which can be used as the basis for discussion in developing your 2009 plan. Many of the major areas of interest to the Advisory Council continue to be relevant topics of interest to the Commission as well. In addition to including major areas of interest, the committee also included a list of questions that members were interested in considering.

Once the Council approves its plan, it will be forwarded to MTC's Legislation Committee for their information.
